I'm a junior software developer based in Berkshire, UK. I combine my 2 year product background with web development to iteratively build websites and applications with fast user feedback loops. I also specialise in using a mobile first approach when creating applications in order to provide a consistent and quality user experience.

Professional Experience

Product Owner
Travelport (June 2021 - present)

- Created user stories
  Lead a team of developers

-

Product Intern
Travelport (June 2019 - July 2020)
